# BUDDING PREREQUISITES!

IT IS IMPORTANT that the Buds you use are TRUE TO NAME, FREE FROM DISEASE, IN GOOD CONDITION, and we solicit your orders feeling that we can meet these requirements to the letter.

We suggest that large orders be divided into two or more shipments leaving here one or two days apart so that you can have fresh stock to handle—not so much danger of drying out.

As some of the varieties shown in this list are in rather short supply with us, would recommend the early placing of your order.

## ALABAMA NURSERY COMPANY

HUNTSVILLE, ALABAMA

 We will be represented by three Chase's at the Nurserymen's Convention, West Baden, June 14, 15 and 16. (See special notice on back page.)

 Peach, dble. flowering red and white Weir's Cut Leaf Maple  
 Plum, double flowering

## BUDDING KNIVES

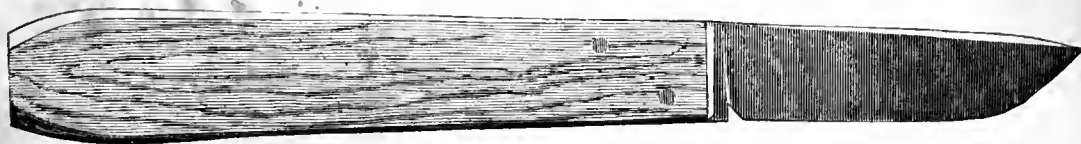

WOSTENHOLM'S I. X. L. IVORY TIP (Cut  $\frac{3}{4}$  Size)

The best budding knife we know of, and strong enough for an all purpose knife. Price each, postpaid.....\$0.75  
 Per dozen, postpaid..... 8.25  
 Per dozen, f. o. b. Huntsville..... 8.00

C. A. G. BUDDER (Cut  $\frac{3}{4}$  Size)

Having a demand for a pocket budding knife at a lower price than the I X L, we now carry in stock a knife with a razor steel blade, all wood (cocoa) handle, no metal bolsters. A satisfactory budding knife but not strong enough for an all purpose knife. The end of the handle is made thin forming a wedge for raising the bark. Price each, postpaid...\$0.35  
 Per dozen, postpaid..... 4.00  
 Per dozen, f. o. b. Huntsville..... 3.85

STATIONARY BUDDER

Note shape, size and "hang" of blade, made for budding but not as convenient for the pocket as the others. Price each, postpaid.....\$0.25  
 Per dozen, postpaid..... 2.90  
 Per dozen, f. o. b. Huntsville..... 2.75

## RAFFIA

Prices for Raffia we use—the Best Quality to be had

1 pound (by mail postpaid).....	\$0.30
10 pounds, per pound, f. o. b. Huntsville.....	.14
25 pounds, “ “ “ “ .....	.13
50 pounds, “ “ “ “ .....	.12½
100 pounds, “ “ “ “ .....	.12
Bale Lots, about 220 lbs.....	.11

### “Just” Raffia—Second Grade

10 pounds, per pound, f. o. b. Huntsville.....	\$0.10
25 pounds, “ “ “ “ .....	.09½
50 pounds, “ “ “ “ .....	.09
100 pounds, “ “ “ “ .....	.08
Bale Lots, about 220 lbs.....	.07½

A pound of Raffia will tie 1200 to 1400 average stocks.

## SPECIAL NOTICE

The 30th Annual Convention of the American Association of Nurserymen will be held at the West Baden Springs Hotel, West Baden, Indiana, June 14th, 15th, and 16th, and this meeting promises to be a record breaker in attendance and in the importance and interest attached to the questions up for discussion. See May issue of the National Nurseryman for partial programme—note that the U. S. Department of Agriculture will send three representatives to this meeting—Dr Moore's talk on “Soil Inoculation” will alone well repay a trip to West Baden.

This notice is intended especially for Nurserymen who are not members of the Association, and its object is to urge upon you the value of a membership in this National organization of Nurserymen. If you cannot attend the meeting, join the Association just the same and receive the Annual Badge Book, printed report of the doings of the meetings, &c. Every Nurseryman in America who is in good standing is eligible to membership, and the cost is but \$2.00 per year. Send that amount in par funds to GEORGE C. SEAGER, Secretary, Rochester, N. Y., and he will do the rest. Take a week off and attend the meeting. You will meet five hundred or more of the leading Nurserymen of the world and will have a good time to boot, to say nothing of the big chunks of wisdom you will carry home with you. Mr. Seager will give you full particulars as to Railroad and Hotel rates, &c. Act quick as the time is short.
